PROFESSIONAL SUMMARY

Dedicated BSc. Information Technology student (Level 400, Final Year) and AWS Certified Cloud Practitioner with expertise in full-stack development and cloud technologies. Hands-on experience building web applications using modern frameworks (React, Next.js, Node.js, NestJS) and strict TypeScript environments. Combines strong backend programming skills with demonstrated leadership abilities, seeking opportunities to build innovative, cloud-driven software solutions.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, TypeScript, Tailwind CSS, Bootstrap, Redux, HTML5/CSS3
 - **Backend:** Node.js, Express.js, NestJS, PHP, Socket.IO
 - **Databases:** PostgreSQL, MySQL, MongoDB, Prisma ORM, SQL
 - **Cloud & DevOps:** AWS (EC2, S3), Docker, Render, Vercel, Cloudinary
 - **Languages:** JavaScript, TypeScript, PHP, Python, Java, C++
 - **Tools & Concepts:** Git, GitHub, MVC Architecture, RESTful APIs, Swagger/OpenAPI, WebSockets, Payment Gateways (Paystack)
-

EDUCATION

University of Cape Coast, Ghana

BSc. Information Technology | Oct 2022 - Sep 2026 (Expected)

- **Academic Standing:** Academic Standing: First Class Honors trajectory; Recipient of the Dean's Award for academic excellence.
- **Key Coursework:** Mobile & Distributed Computing, Information Systems Security Management, UNIX Programming Environment, Software Engineering, Data Structures & Algorithms, Network Computing I & II, Database Management I & II, Web Technology I & II.
- **Walewale Senior High Technical School, Ghana**

Senior Secondary Certificate Examination (SSCE) - General Arts | 2018 – 2021

- Graduated with Honors. Served as the Health Prefect; Event Organizer and MC for the Red Cross Society.
-

PROFESSIONAL EXPERIENCE

AxiomCraft | *Freelance Full-Stack Developer & Founder* | Cape Coast, Ghana | *Present*

- Founded AxiomCraft (axiomcraft.dev) to build custom web applications and robust APIs for clients.
- Manage end-to-end software lifecycles, from UI/UX design to backend development and cloud deployment.

Computer Science and Information Technology Students Association (CITSA) | Cape Coast, Ghana

Club Lead - Backend Development | Jan 2026 – Present

- Coordinate backend development for the community, designing a 12-week programming roadmap.
- Instruct members on building RESTful APIs with Node.js and PostgreSQL, and mentor students on DevOps practices.

IT Coordination Chair | Nov 2025 – Present

- Direct the development, maintenance, and uptime of the official departmental website (citsaucc.org).
- Lead the development and deployment of internal web applications to digitize student administrative services.

AmaliTech-UCC Coding Club (ACC) | *Backend Team Lead* | Apr 2025 – Dec 2025

- Organize backend development sessions, earning a Citation of Honour for contributions to the club's growth.
- Guided "Team TypeTitan" in developing full-stack applications, providing mentorship in modern database engineering and DSA.

Management Information System (MIS), UCC | *Software Development Intern* | Aug 2025 – Oct 2025

- Developed a comprehensive Student Portal Management System using PHP and MySQL.
 - Built a dual-interface portal featuring secure, role-based access control for student and admin dashboards.
-

KEY PROJECTS

- **Sasakawa Restaurant Service Request System:** Developed a comprehensive full-stack web application (React 19, TypeScript, Node.js, PostgreSQL) to digitize university catering services. Built a role-based workflow (Requester, Approver, Finance) with a complex state machine for approvals, automated email triggers (Resend/Nodemailer), and robust invoice

generation, reducing request processing time from days to hours.

- **Local Service Finder (Final Year Project):** Architected and deployed a production-ready service marketplace (Next.js, NestJS, PostgreSQL, Redis, Mapbox) connecting customers with verified professionals. Engineered an advanced search engine utilizing PostgreSQL pg_trgm GIN indexes, Haversine geo-radius filtering, real-time Socket.io messaging, and a robust booking system with conflict detection.
- **NextCommerse:** Developed an e-commerce platform allowing students and independent sellers to list products, manage orders, and accept secure Paystack payments. Built with Next.js 16 and Prisma, featuring a complete buyer checkout flow, reliable payment retries, and automatic guest-to-authenticated cart merging.
- **Employ.me (Job Listing Platform for Ghana):** Built a comprehensive job marketplace connecting employers with job seekers. Features a 3-tier user system with dedicated dashboards, job application status tracking, and real-time candidate messaging via Socket.IO, backed by a strict two-tier content moderation system for employer verification.
- **CITSA Mobile App Backend:** Developed secure RESTful APIs (Node.js/Express) and interactive Swagger documentation for the official CITSA mobile app. Successfully deployed the backend architecture on Render.
- **FarmLink (Agricultural Marketplace PWA Prototype):** Developed a full-stack progressive web app (Next.js, TypeScript, Drizzle ORM, SQLite) connecting farmers directly with commercial buyers. Engineered secure serverless API routes for custom authentication, simulated digital payment integrations, and tailored role-based dashboards for produce discovery and inventory management.

CERTIFICATIONS & AWARDS

Cloud & Technical Certifications

- **Kubernetes and Cloud Native Essentials (LFS250)** – The Linux Foundation (*Mar 2026*)
- **Kubernetes and Cloud Native Associate (KCNA)** – Cloud Native Computing Foundation (CNCf) & The Linux Foundation (*Apr 2026*)
- **AWS Certified Cloud Practitioner** – Amazon Web Services (AWS) (*Aug 2025 - Aug 2028*)
- **AWS re/Start Graduate** – Amazon Web Services (AWS) (*Jul 2025*)
- **Programming Certifications:** Java OOP & C++ (Great Learning); JavaScript (Programming Hub)

Honours & Leadership Awards

- **Dean's Award:** For achieving First Class academic standing at the University of Cape Coast.
- **Citation of Honour:** Recognized for exceptional leadership as Backend Co-Lead at AmaliTech Coding Club.
- **Walewale SHS Honours:** Certificate of Honor as Health Prefect | Certificate of Honor as Instrumentalist | Certificate of Honor as MC for WALSECTECH Red Cross
